Subject: Happy Holidays

Dear Colleagues,

As 2008 comes to a close, I'd like to take this opportunity to wish you and your families a very happy and healthy holiday season. DEP was faced with many challenges this year - some big, some small - many we successfully met while others we continue to find a way to resolve. Through it all, in true DEP fashion, we persevere.

As we enjoy all of the festivities and pleasant activities associated with this holiday season, I would like to remind those of you who drive City vehicles, that Agency policy prohibits drinking while operating or expecting to operate a City vehicle. I know that I can count on you to adhere to this policy because it's part of DEP's rules and regulations as it relates to vehicle usage but also because I know that you care about the safety of your colleagues, the citizens of New York, and most importantly - yourselves.

Again, best wishes for a joyous holiday and a wonderful new year!

Regards,

Zoe Ann
